

KEYNOTE SOUNDED BY KNOX

Of American Diplomacy
Under the Present
Administration

IMPORTANT UTTERANCE

Made at the Commencement Ex-
ercises of the University of
Pennsylvania.

Philadelphia, June 15.—Secretary of State Knox sounded the keynote of American diplomacy under the present administration in his speech today at the commencement exercises of the University of Pennsylvania. It was the most important utterance concerning the American treatment of foreign affairs since he became secretary.

Secretary Knox set forth what had been accomplished under previous administrations, and pointed out how, under President Taft, the traditional foreign policy of the United States so established had been carried to greater lengths. The predominant note of American diplomacy, according to Secretary Knox, is the promotion of peace by arbitration—both by the adoption of this method in the settlement of existing disputes, and by taking the lead in the movement for enlarging the powers of the international court at The Hague.

In this latter connection, Secretary Knox made the significant statement that the foreign powers had gone so far in indicating informally their approval of his plans for establishing an international court of arbitral justice that the success of this enterprise was practically insured.

As an evidence of the progress of the United States in the cause of arbitration, he pointed out the cases now in process of adjustment—the Newfoundland fisheries arbitration at The Hague, the Orinoco Steamship Company's claim against Venezuela, which is to be adjusted by the same method; the submission of the Alsol claim against Chile to King George, and the adoption of arbitration as a method of settling disputes which may arise over the use of waterways along the Canadian boundary. He also pointed out as an evidence of the desire of the United States to promote peace in neighboring countries, the American administration of customs in Santa Domingo, the efforts to assist the republic of Liberia and a proposal, now under consideration of straightening out the financial tangle in Honduras by means of a loan.

SCHOOL PLAYGROUNDS.

Marion, O., June 15.—The board of education has decided to throw open all the city's school grounds for children's playgrounds.

MRS. SHEPARDSON'S EXPERIENCES IN FOREIGN LANDS

Mrs. Shepardson, widow of the late Rev. Dr. Daniel S. Shepardson of this city, who has just returned home after having spent four years in study and Christian work in foreign lands, favored an Advocate reporter with a brief resume of her work.

Four years ago Dr. and Mrs. Shepardson started on a mission tour of the world. After eight days away from the United States Dr. Shepardson died in Honolulu. Mrs. Shepardson returned to her home here and a few months after her husband's funeral started on the tour alone. She first went to London, where for a long time she was in South Kensington Baptist chapel, which has a seating capacity of 2,300, and a regular attendance of between six and seven hundred. Here she was at the head of the institutional department of that church. From London she went to Paris where she took a flat and made her home, serving tea, bread and butter to young working girls to help them along life's pathway. While in Paris she studied French and History of Art. From Paris she went to Dresden, Germany, where she remained for nearly a year, and between April and December nearly two hundred persons took tea with her. In Dresden her home was known as "Comfy Lodge" where English and American students were always welcome. Her work was principally among young people and with a view to the molding of character, and closer relationship to Jesus Christ, and was accomplished by customs that appealed to young men and women. Here she had a school in English. At the end of her experience in Germany she shipped her trunks to America, and then sailed for the Orient spending some time in Italy. She sailed from Naples the last of April and landed in Syria, and spent nearly three months in Turkey, giving a number of recitals, and also

in Jerusalem. While in Turkey she was entertained by the Church Missionary Society of England, to which she has stated she owes many of her greatest joys and blessings in her travels. When she left Turkey she went to Cairo, where she remained for a short time, visiting many interesting points, and from there sailed for Hong Kong on the first of August, where she was royally entertained during the latter part of last September she went to Manila, where she was the guest of Rev. and Mrs. Winslow. Mr. Wright is the president of the Ellenwood Bible Seminary. She returned to Hong Kong where she gave a recital. She then went to Canton where she was entertained by Fatio and Herr Duer. Mr. Duer is the general manager of the English Tract Society of that city, and is a most accomplished musician. Mrs. Shepardson sailed from Hong Kong for Tokio on October 1st. While at Tokio she lived in the Methodist compound. She remained there until she sailed for America on the 3d of May. While in Tokio she opened a school called "The American School for English." Here she was introduced and endorsed by Prof. H. M. Landis, Princeton, now a missionary in Tokio 26 years. Mrs. Shepardson also taught music and had as pupils the daughters of Merchandise Sosaki and Baroness Higuchi, second cousins of the Emperor of Japan. While in Japan she gave two recitals, one at the home of Prof. Landis, where she was privileged to meet the representative people of Tokio, both English and Japanese. Before leaving Tokio she gave a recital at the home of Dr. Benninghoff, at which seventeen professors from Peers University and Count and Baron Okuma were present. After the recital she was entertained at the Count's castle with a number of other friends. While in Tokio Mrs. Shepardson also conducted a Y. M. C. A. devotional service on Friday nights, building it up from a small number to nearly 100 persons. On the 3rd of May she sailed from Yokohama over the Nippon Yulen Kaisha and landed in Seattle on the 22d of May. She had business in Seattle which required her presence there for a short time when she went to St. Paul, Minn., where she visited friends and addressed a large audience in Woodlawn Park U. C. church on "Wayside Incidents in Turkey." Mrs. Shepardson then came to Chicago where she was the guest of her brother, Dr. Francis Wayland Shepardson of the University of Chicago, and Mr. and Mrs. E. F. Lapham, for two weeks and where she also addressed the Home and Foreign Missionary school. Her many friends in Newark are certainly glad to greet her again.

AXLINE WORKING FOR ELECTION

Xenia, June 15.—The Grarry Army of the Republic encampment is in some respects assuming the nature of a political convention. Tuesday all indications pointed to the election of John Kissane, of Cincinnati, as department commander, but there has been a remarkable change of sentiment over night. Wednesday morning hundreds of Axline badges were being worn by delegates and his supporters claim his election on the second ballot. The election is to be held Thursday and the Kissane element is still confident, and at this time it is either's fight.

SEC. OF WAR DICKINSON SAYS WAR WITH SPAIN BOOSTED ROOSEVELT INTO PRESIDENCY

West Point, June 15.—The example of Theodore Roosevelt as one of the several presidents whom the fortunes of war have boosted into the White House, was held up to the graduating class of the military academy today by Secretary of War Dick-

inson in his commencement address. "The war of the revolution," he said, elevated to the presidency Washington, that of 1812, Jackson, that with Mexico, Taylor, that between the states, Grant, and that with Spain. Theodore Roosevelt."

MOVING PICTURE TRUST PAYS \$150,000 FOR FIGHT RIGHTS

By Max Balthasar.
San Francisco, June 15.—As Jim Jeffries and Jack Johnson climb through the ropes to do battle July 4, William T. Ring, president of the Vitagraph Company of America, of New York, the moving picture trust, will step up and hand them \$15,000 cash apiece. Johnson and Jeffries will keep \$50,000 each and the other \$50,000 will go to the promoters, Rickard and Gleason, as their share. The deal has been completed whereby the entire fight picture rights go to the Vitagraph Company of America for \$150,000. The company will make two sets of pictures at the ring side. They will be sent by fastest express to New York and one will go to Europe on the first steamer, while the second set will be kept in America. Hundreds of duplicate negatives will be made from each of the two original negatives, and within two weeks after the fight villages and hamlets in the far corners of the earth will be able to witness the battle.

THE WANT ADS ARE TWO-PHASED!

The want ads bring the other man's offer to you, and take your offer to him.

In either of these phases of their usefulness to you they offer PECULIAR SERVICE—not to be obtained otherwise, and for which there is no substitute.

If the worker you're looking for doesn't advertise today, you advertise FOR HIM tomorrow! And the same double-capacity for service holds true of all the want ad classifications. Read the "Wants" on Page 6 of today's Advocate.

PRESIDENT ADDRESSES COLLEGIANS

Lands Ordinance of 1787
Which Gave Government
to Northwest Territory

HAS A BUSY AFTERNOON

Degree of D. C. L. Conferred Upon
President Taft at Marietta
Congregational Church.

Marietta, O., June 15.—Lauding the ordinance of 1787, which gave a government to the Northwest Territory, as the cause and effect of the adoption of the greatest instrument of fundamental knowledge except the constitution of the United States, President Taft this afternoon delivered the principal address of the celebration of the foundation of Marietta College in 1791.

The president crowded into a short five hours a host of activities. Immediately on arriving, he lunched with W. W. Mills, treasurer and secretary of Marietta College. In the afternoon he was the central figure in the celebration of the college anniversary. The president's speech was a historical analysis of the growth of government in the Northwest Territory.

At the Congregational church, where President Taft was invested with the degree D. C. L., the executive made a short speech on the outset of high education in the northwest. After leaving Marietta, the president stopped at Parkersburg long enough to greet an enthusiastic crowd of West Virginians.

POPULATION

of Newark Will be in Neighborhood
of 23,000 says Squire M. R. Scott.

"As Advocate readers well all like, no doubt, to know the official census of Newark before it is published by the government," said Squire M. R. Scott today. "I can give them some facts and figures that will enable them to estimate it with at least approximate accuracy.

"In the year 1890 the school enumeration of the city was 4,686 and the official census was 18,157, the ratio between the two being 2.772. This year the school enumeration is 5,896 (just 1.01 more than it was in 1890) and if the same ratio obtains this year, our entire population will be 22,015. It is

The dead man, according to his statement, came here from Carroll near Lancaster early last March and has been working at the Evergreen glass house. Mrs. M. J. Mrs. Vaughn says that he acted very strangely, and as she was of the opinion that there was something the matter with his head, told him at the end of the week that she could not keep him any longer. LEADER IN QUALITY AND LOW PRICE

An Impossible Combination.

They were talking of the strange
sights to be seen in a great city, and
one man paid his tribute to New York.
"I don't believe one of you could
think of any combination of circum-
stances that hasn't at some time oc-
curred on the streets there," he said.

"I reckon I know of one that's never
occurred there," said Hiram Fowle.

"What's that?" asked the other,
curiously.

"I guess," said Hiram, slowly, "that
you've never seen, nor ever will see,
a brass band going in one direction
an' the heft of the folks going to
the other."

Vesuvius.

Vesuvius cut but a small figure in
history till the latter half of the first
century of the Christian Era. In 73
B. C. its crater served as a camp of
refuge to band of gladiators. In 63
A. D. the serenity was broken by a
violent grumbling that manifested it-
self in a severe earthquake that shook
up the surrounding region. For six
teen years the subterranean rum-
blings continued at intervals, and in
the year 79 A. D. came the great ca-
tastrophe in which Herculaneum and
Pompeii were overwhelmed. In 1621
there was another terrible explosion,
and since that time Vesuvius has sel-
dom been at rest for many years to
gether.

Reputations.

"The Autocrat," remarked the Re-
condite Person, "made a remark the
import of which escaped me until the
other day. He said: 'Many a man
has a reputation because of the rep-
utation he expects to have some
day.'"

"That's not a half bad remark," sug-
gested the Practical Person, "but my
son—just out from college, you know,
and in the habit of thinking hump-
backed thoughts, as it were—said
something only this morning that ap-
pealed to me: 'Some men,' he said,
'get a reputation and keep it; other
men get a reputation and make it
keep them.'"

Genre.

The term is French and means
"Man, his customs, habits and ways
of life." A painter of domestic, rural
or village life, or the writer who deals
with the strictly human rather than
the more romantic and unreal human
situations. For instance, in the
drama, Victor Hugo introduced the
genre system in lieu of the stilted and
unnatural style of the Louis XIV.
era.

Centre Door Found Best.

The centre door type of cars has
been found to be the best suited for
use in the saloons of New York. To
prevent passengers on the train from
blocking the entrance space dissected by railing,
which extends from the door sill nearly
to the mid of the aisle. With
the space thus divided, an obstructing
passenger would be swept into or out
of the car by the rush of traffic.

A Robber With Good Points.

A clerk in a New York banking-
house, accused of robbing his em-
ployers, sends a letter of advice
so as to prevent future thefts. Must be
some good points about a man who
can be so considerate for others.

The Important Feature.

Katherine, a two, who had on a
new pair of shoes, had her picture
taken, and when asked why she did
not look up instead of down, said: "I
wanted to see if my new shoes got
their picture taken."—Delineator.

Granville, June 15.—The exercises incident to the commencement of Denison University are now in full sway, and the large crowds in attendance manifest their pleasure in the programs by their attendance upon every occasion. Visitors continue to arrive in the village and by Thursday an immense crowd is expected. The visitors are being entertained by the town people in large numbers. The residents of Granville as a rule are hospitably inclined and those who come from a distance feel that our people are not unappreciative of the excellent things Denison is accomplishing.

One of the events of Denison Commencement week that is always looked forward to with a great deal of interest is the annual Lewis Prize contest. This contest was held in the Baptist church Tuesday evening, and there was a large and appreciative audience. This contest was instituted some years ago by Mr. Charles T. The invocation was given by the Rev. Mr. Cleveland of Erie, Pa. The judges were W. H. Sheppard, Esq., of Grand Rapids, Mich., Frank Moore, Esq., of Cincinnati, and B. F. McDonald, Esq., of Newark. The decisions will be announced on Commencement Day. The program was as follows:

Daddy's Bedtime Story— Spotty, the Fire Dog

"OUR teacher was telling us today," said Jack at bedtime, "about the firemen in the big cities—how brave they are and how hard they work saving people from buildings that are on fire."

"Yes, most of the firemen in the big cities are very brave men," said daddy, "and it is very seldom that there is one who is not a hero or who would not be a hero if he had the chance. But a little of the credit for the work of the brave firemen should be given to their splendid horses, which take the engines so fast to the place where there is a fire and where lives may be in danger. And the fire dog is sometimes a good deal of a hero too."

"What is a fire dog, daddy?" asked Evelyn.

"It is a dog which lives in the fire houses with the men and runs with the engines to the fires. The firemen are almost always very fond of pets, and they make great friends of the dogs and cats in the fire houses. Any person who would kick or ill treat a fireman's dog in any of the big cities would have a very hard time with the firemen I am afraid."

"I was reading the other day about a fire dog which was a real hero. He was a rather small, white dog, with black spots, so the firemen with whom he lived called him Spotty. Many of the fire dogs are white with black spots."

"Like all fire dogs, Spotty liked to run with the engines when an alarm came in, and he was never happier than when he was running alongside of the big machine and barking to everybody to get out of the way."

"Spotty's particular friend among the firemen was a man named Bill. Bill was very fond of the dog and taught him many tricks, and he followed Bill around whenever he could. This is what saved Bill's life once."

"It was at a fire in a big building. The upper part of the house was on fire, and the firemen's captain ordered Bill and some other men to follow him to the upper stories of the house. When they got to the floor where the fire was fiercest somehow or other Bill became separated from his comrades, and when he entered a room that was filled with smoke he was overcome and lost his senses. He fell to the door and was lying there as the flames kept creeping nearer and nearer."

"Soon the other men missed Bill, and some of them began searching for him, while others fought the fire and put it out. But Bill could not be found, and the men were about to give up the search when they heard a growling and low barking coming from a little room which they had overlooked. They all knew Spotty's voice and were very glad, for they knew that where Spotty was to be found Bill was sure to be close by. So they broke in the door of the room and found Bill lying there, with Spotty standing near him and growling. They carried Bill out to the fresh air, where he soon recovered."

Summer Shoe Sale

A Rarity But a Reality

Hundreds of people in Newark are laying in a fine supply of shoes now—at a saving. Why don't you? Anticipate your future needs, snap up the bargains we offer and keep the money you save. We wipe out profits with prices like these. If we were doing business only in the now we couldn't pursue this policy, but we are building for the future, and it is our steadfast policy to sell out all surplus stock, in season, when you need it, instead of packing it away. That is why you can buy so many good shoes now for so little.

Worms

"Worms are certainly fine. I gave a friend one when he was ill, and he got well for the stomach. The next morning he passed four pieces of a tape worm. He then got a bad cold and in three days he passed a tape-worm 45 feet long. Dr. M. J. P. F. of Lancaster, Pa., says worms are good for the stomach. Use them myself and find them beneficial for most any disease caused by impure blood."

ACTIVITY IN PURITY FIELD IS INCREASING

Many New Wells Are Going Down and Several Good Producers Are Reported.

Purity, June 15.—The gas business continues to be of absorbing interest here. A location for a well has been made in the heart of our city, on the lot recently purchased by George Smoots from Henry Braden. There is another location on James Meats farm, one on Mrs. Ella Holton's farm, and one on Frank Wilkins' farm. The tools are being hauled from the dry hole on James Neighbarger's farm to James Lyons' place, near Utica. Another stake has been set on Mrs. Leman Thrapp's farm, and a derrick is up on John Harrison's farm. The Sterrett well came in Saturday night with a two million capacity. The bull wheel broke at the Thompson well Saturday and they are fishing for the tools in the McClure well.

John Chopson, a teamster for the Logan company, had the misfortune to get his hand caught between a gate post and a shanty he was helping to move for Mr. Harriman, a driller on the Hughes well. The thumb and one finger was badly crushed and torn, and the hand bruised.

Josina Marriott, who was spending last week with her brother, G. W. Marriott, returned to his home in Indiana Sunday.

Wm. Kelly, of Bladensburg, was a guest at G. W. Marriott's Sunday.

Rev. Lewis Kerr, of Nebraska, was a guest of his uncle, H. M. Elliott, a few days last week.

Mr. and Mrs. Samuel Elliott, of Chatham and Mrs. Harry Weaver, of St. Louisville, were guests of H. M. Elliott and family Tuesday.

Don't forget the Macabees ice cream social at their hall here Saturday night, June 18.

Rev. L. G. Walker preached his farewell sermon at Eden, and with his wife has gone to California for an extended visit.

Dane Hawke was a guest of John Mills and wife Saturday night.

Mr. and Mrs. John Burkholder of Martinsburg, were guests of Mr. Ed. Burkholder and family Sunday.

David Loyman is visiting friends in Newark.

George Richcreek was called to Coshocton county last week by the death of his cousin, Mrs. Ogle.

Moses Ada and Edith Richcreek have rejoined home from a visit with friends in Columbus.

Miss Lizzie Elliott is a guest of her sister, Mrs. Harry Weaver.

Mr. and Mrs. John Elliott were guests of Mrs. Mary Stewart Saturday and Sunday and attended the children's day service at Newton Chapel.

Mrs. Leonard Stevenson, formerly of this place, but now living with her daughter, Mrs. Vicie Pickel, of Chemawa, Ore., is a member of a party of tourists to Alaska. The trip will be made by steamer and it will take about four weeks to reach the point to which they are going.

They will stop there and visit other places of interest until the return of the ship, which may not be for wo months.

Friends here will no doubt be pleased to hear of Mrs. Stevenson's opportunity to make this delightful trip and wish her a safe return.

TERrible STRAIN RESULTED NOT AMISS

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

CLEAN ADVERTISING

Result of New Era in Advertising.

Copy More Conservative.

The past few years has seen some great changes in general advertising, and this change has done much toward making the advertising pages of all publications cleaner and more attractive. In no way has this been demonstrated more than in the advertisement of Foley & Company, of Chicago, manufacturers of Foley's Kidney Pills, which appeared on page 7 of yesterday's Advocate.

This firm is advertising in a way that shows that they have implicit faith in their preparation, and are not afraid to have it tested, and in order to get the preparation tested, are willing to give it to all who suffer from kidney or bladder trouble, enough Foley's Kidney Pills to thoroughly demonstrate their merits. They do this because they realize that it is the easiest and quickest way to get the public talking of the merit of this preparation.

They will have their representative at the City Drug Store for one day only, Thursday, June 16, and he will present to every adult who is suffering from either kidney or bladder trouble, a full 50 cent bottle of Foley's Kidney Pills.

If you feel that you are in need of a remedy of this kind, we should advise that you call at the City Drug Store on the above date and secure a bottle. This offer is so fair that it should not be passed by without consideration.

CARD FROM ST. FRANCIS DE SALES CHURCH.

We have not called upon any of the business people of the city for advancements for our school program, because we did not wish to ask them for what some may believe brings no adequate results for the money invested, but we will be pleased to see all of them at the play which the seniors of our high school will present Friday, beginning at 7:30 o'clock, in the Auditorium theatre. We also extend a hearty invitation to all who wish to be present next Sunday evening at 7:30 in St. Francis de Sales church, when diplomas will be given to 15 graduates and the baccalaureate sermon will be delivered by Father William O'Brien. Admission free.

Do You Get Up
With a Lame Back?
Kenny Troubles Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., 109 Main Street, Binghamton, N.Y. The regular fifty cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.
